

# BEER ON TAP

*M.E. & Suzie's have our own beers brewed exclusively for the restaurant at Better Bitters Brewing Co. in Burlington. Both of our beers are made with Elgin County hops from the Van De Slyke Farms near Vienna. Our beers are made with three kinds of malted barley, specially selected yeast, water, hops and nothing else. No preservatives, no sugar, unpasteurized and naturally carbonated through a four week aging process.*
